FIRE has completely gutted three rooms of a dwelling at the rear of the Sunshine Model Dairy (pictured above) in Hampshire Rd.

Eight brigades fought the blaze and stopped it from spreading to the dairy.

Arson squad detectives were immediately called.

But so far the have not found suspicious circumstances.

The occupiers of the dwelling, Ross and Margaret O'Dea were holidaying at Rosebud when the fire occurred.

Although the brigades saves most of the house, the O'Dea's lost most of their possessions which were damaged by water and smoke.
